IT'S ABOUT GETTING BETTER RESULTS

**OVER 2000
TERRITORY
MANAGERS**

We've been working with retailers since 1988. In that time we've come to learn that your District Managers play the most influential role in determining your stores' successes. They can make or break your results.

We've helped trained thousands, giving them the skills and tools they need to succeed.

Isn't it time you gave your DMs the training they need?

Your District Managers have direct influence on employee productivity and morale, the customer experience and your results. These territory leaders have a lot riding on their shoulders.

“We tend to promote a strong Store Manager into the role of a DM. But there’s little to no correlation between being able to run one store and being able to run a territory of 10 or more stores! In the absence of proper training, how are DMs supposed to know what to do?”

WHAT YOU GET

- 3 intensive days of training exclusively designed for retail District Managers
- Essential tools and systems to bring back and implement in the territory
- The chance to network with DMs from the best retailers, and learn how they tackle their biggest challenges
- Dozens of strategies and skills that are proven to work to drive results
- The chance to learn from Kevin Graff and Linda Montalbano, the two best retail trainers with a proven record

HOW YOU BENEFIT

- Talent development in your stores will greatly improve
- Increased productivity and retention rates of key staff
- Enhanced customer satisfaction and loyalty through better store experiences
- Build brand strength through consistent execution of plans
- Boost your bottom line

Your DMs need to be equipped to get the best results possible out of everyone in their stores. Graff Retail can help.

A Few More Things That Make This Workshop Outstanding

Ridiculously Interactive

We know that no one wants to just sit there and listen. So, our workshops are designed to keep everyone talking, thinking, challenging and moving. Group work, individual assignments, rotational activities, role plays and more keep everyone wide awake and learning.

The Best Trainers

OK, that might sound a little egotistical, but that's what our participants always say! Kevin Graff and Linda Montalbano, the leaders of Graff Retail, run this workshop. High energy, no nonsense advice and always fun.

Did we mention our 'No Sandwich' Policy?

We're all a little tired of sandwiches at events, so we treat the participants to great food every day ... without a sandwich in sight!

Action Plans

No one gets to come and just sit on their hands and do nothing after the program. Everyone completes an Action Plan that details what they'll do, and when. We get a copy, and send it to you and them after the program to ensure action happens!
